

Job opening: Marine Warranty Surveyor & Supercargo

Seatight Port & Cargo Securing Service is a company with a dedication for project cargo and a focus on renewable energy. For our clients, we offer a variety of services including welding+lashing, cutting+grinding, port captain and port management, supercargo, and marine warranty+quality surveys.

To strengthen our team, we are currently looking for a:

Marine Warranty Surveyor and Supercargo (m/w/d)

You will be joining a small and highly motivated team of experts who ensure, that our clients' transports, shipments and projects run smooth, efficient and safe.

As a Marine Warranty Surveyor and Supercargo your tasks will be:

- Check and evaluate transport and project related documents
- Supervise vessel and port operations on-spot
- Ensure the operations are done as per MS, TRA and that HSEQ guidelines are upheld
- Survey the loading, stowage, seafastening and discharging of the cargo
- Issue valid and detailed survey reports
- Create stowage and lashing plans
- Be clients' eyes and ears on spot
- Vessel, port and storage area inspections
- Report to back office

We expect you to have:

- Work experience in the maritime and logistics sector. Preferably sailing as C/O or Master on breakbulk/heavy lift vessels
- Alternatively, an engineering degree or an education within a complementary field
- Being familiar with workflows on board of vessels and in ports

- Fluent in English, spoken as well as written
- A self-driven and independent approach to work
- Willing to travel and work abroad (mainly Europe)
- Driver's license

What we offer:

- Flexible working hours and home office
- Benefits such as company car, laptop and smartphone
- Freedom with responsibilities
- Chance to work with major players in the industry
- Great colleagues and partners throughout the company
- Further training and development
- Versatile and diverse field of work

Does this opportunity sound appealing to you and should you feel confident to be an excellent fit for this position, please send your CV, salary expectations and potential starting date to:
